

“Cultivating Strength, Unleashing Potential”

Edgewood
at the new Beltsville location!
4600 Powder Mill Rd. Suite 100
Beltsville MD 20705

Welcome to Edgewood!!!!

We trust that you have taken the time to refresh and rejuvenate for this upcoming school year, as we have worked hard to prepare for your arrival. We are excited about both this new school and school year. I won't spoil the many surprises in store but believe the excitement will be contagious as we start fresh yet honor our past.

Whether you have been in education for 20 years or 1 year or somewhere in between, this is an exhilarating time. As a team, we will encourage our students to cultivate their strengths and unleash their potential while we push each other to do the same.

We'll start on the 21st with a welcome breakfast and of course several logistical items. We'll also have the opportunity to have an all staff meeting on the 22nd virtually and the 23rd in person at the Meeting House in Columbia, MD. The week would not be complete without a time to fellowship with our parents and stakeholders on the 24th.

Get ready to roll up your sleeves as we discuss relevant and rigorous ways to engage our students academically and therapeutically.

Your supply is needed and we can't wait to pour out into our students.

Sincerely,

Amber Middleton
Education Director

Fred Barnes
Principal
